## Is Outbank available for Apple Watch?

Christine - 2019-02-20 - in Apple Watch App

Since Version 2.7.0 Outbank is available for Apple Watch.

These are the features:

- Unread Transactions: see the unread transactions and your current balance on your display
- Connected Accounts: you can see all connected and active accounts
- Complications: Depending on the Face Design you will see the number of unread transactions and the current balance
