## How can i create an Outbank ID?

Christine - 2019-03-07 - in Outbank ID

This is how you can create an Outbank ID:

- 1) Directly in the Onboarding when using Outbank for the first time
- 2) click on 'Outbank ID' above the account list > 'Outbank ID' > enter the E-Mail you want to use > 'create Outbank ID ' > enter verification code
