## How can i add my VIMpay credentials in Outbank?

Christine - 2019-04-15 - in Banks

This is how you can add your VIMpay credentials in Outbank:

1. search for VIMpay and choose the integration for "PayCenter Freising (u.a. VIMpay)"
2. you will see "PayCenter Freising" in the following
3. enter your credentials for your VIMpay account: enter your mobile phone number and your app password (instead of E-Mail adress and Banking-PIN)
4. your VIMpay account will be listed in the list of your accounts
