Wie kann ich Umsätze als PDF Datei exportieren?

Christine - 2018-07-13 - in Print / Export

Create PDF of transaction details

- Accounts > Choose account > Open transaction details > Tab on the 3 dotted button at the top right > Share > Select PDF > Choose an application to send/store/print your PDF

Create PDF of multiple transactions

- Accounts > Choose account > Click on 'Edit' above the transaction list > Select the transactions of your choice > Tab on the 3 dotted button at the top right > Share > Select PDF > Choose an application to send/store/print your PDF

Create PDF of all transactions of an account

- Tab on the filter button above the transaction list > Choose 'All transactions' > Set the filter by clicking on 'Apply' > Tab on the 3 dotted button at the top right > Share > Select PDF > Choose an application to send/store/print your PDF
